GRADE 4 MATHEMATICS

SCHEME OF WORK · YEAR 2026 · KENYA · THREE TERMS

School year: 2026. This school year has three terms. The scheme shows the sub-strands taught each week, the learning experiences and the way the teacher checks learning.

Strands covered this year:

- Numbers
- Measurement and money
- Geometry, patterns and data

Term 1 has 13 weeks. Term 2 has 13 weeks. Term 3 has 10 weeks. Teachers follow the order of the sub-strands. A sub-strand may be taught again in a later term when the scheme says so.

> An invented scheme of work for testing a reader. Not copied from any ministry document.

TERM 1 · 13 weeks

Weeks	Sub-strand	Learning experiences	Assessment
1 to 3	**Whole numbers up to 10 000**	Learners read, write and order numbers up to 10 000 using bundles of sticks and a place value chart, and round to the nearest ten and hundred.	Oral questions
4 to 6	**Addition and subtraction**	Learners add and subtract numbers up to 10 000 with and without regrouping, and solve story problems about the market and the school.	Written exercise
7 to 10	**Multiplication tables**	Learners build the tables of 2 to 10 with counters and arrays, chant them, and use them to solve problems about equal groups.	Tables quiz
11 to 13	**Length in metres and centimetres**	Learners measure the classroom and the playground with a metre rule and a tape, and change between metres and centimetres.	Practical task

TERM 2 · 13 weeks

Weeks	Sub-strand	Learning experiences	Assessment
1 to 4	**Division**	Learners share objects equally into groups, write division sentences and link division to the multiplication tables.	Written exercise
5 to 7	**Fractions: halves, quarters and eighths**	Learners fold paper and cut fruit to show halves, quarters and eighths, and write them as fractions.	Practical task
8 to 9	**Decimals: tenths and hundredths**	Grade 6 content, shown for the teacher only. Do not teach this in Grade 4. It is listed here because the school's old scheme had it.	None
10 to 11	**Money**	Learners use play money in shillings to buy and sell, add prices and work out change.	Role play and checklist
12 to 13	**Time**	Learners read the time to the hour, half hour and quarter hour, and say how many days are in a week and months in a year.	Oral questions

TERM 3 · 10 weeks

Weeks	Sub-strand	Learning experiences	Assessment
1 to 2	**Length in metres and centimetres**	Taught again, with perimeter. Learners measure the sides of a desk and a garden plot and add them up.	Practical task
3 to 4	**Shapes: triangles, squares and circles**	Learners find shapes in the classroom, name them and count their sides and corners.	Checklist
5 to 6	**Angles and turns**	Learners turn a pointer a quarter and a half turn, and find square corners in objects around them.	Observation
7 to 8	**Number patterns**	Learners continue patterns of numbers and beads, and say the rule of each pattern.	Written exercise
9 to 10	**Data: tally charts and pictograms**	Learners collect data on favourite fruits, make a tally chart and a pictogram, and answer questions about it.	End of year test

> Length in metres and centimetres is taught in Term 1 and again in Term 3. Decimals (tenths and hundredths) is Grade 6 content.
